Dear Frank:

I want to take this opportunity to thank you for copying me your letter, with attachment, of November 4, to Governor Perry.

Your care in keeping me current on your pioneering efforts toward incarceration and our jail system is received with grateful appreciation. The Texas Commission on Jail Standards is working diligently on this undertaking, and I feel certain they are also grateful for your valuable expertise.

Please keep in touch with me on issues important to you and our community.

Sincerely,
